How many pictures pass through your phone display every day and how many of those remain in your memory? We would like for you to slow down and still get excited in front of a precious image, savour every detail made by light, every sensation gathered in the shade, and stop time. The satisfaction in touching a fine-art print, the experience of leafing through an album, of holding precious and solid materials in your hands, substance in an inconsistent world. We would like to give you a timeless memory, deep and unique, through unforgettable images.

PHOTOS AND VIDEOS

elegant and timeless, with an editorial touch

Our relationship with images is truly a love story—one that has lasted almost 70 years, during which we have created photographs that defy the passage of time, thanks to a unique and unmistakable style.

Each image tells a different story, all incredible in their own way.

With decades of experience in producing photos and videos for publishing, design, fashion, and art, we are inspired every day.

The incredible opportunity to collaborate with art directors, artists, and photo editors on editorial projects, photo books, corporate videos, advertising spots, and new challenges has allowed us to develop a fresh perspective on wedding photography and videography.

REAL WEDDINGS

Get lost in the many video edits and relive each sensation every time you watch your Emotional Movie, experience every moment with the Full Movie, or laugh with the Videoclip featuring your family and friends. There are many options to choose from, or combine, each with the most powerful gift: an everlasting memory.

TEAM

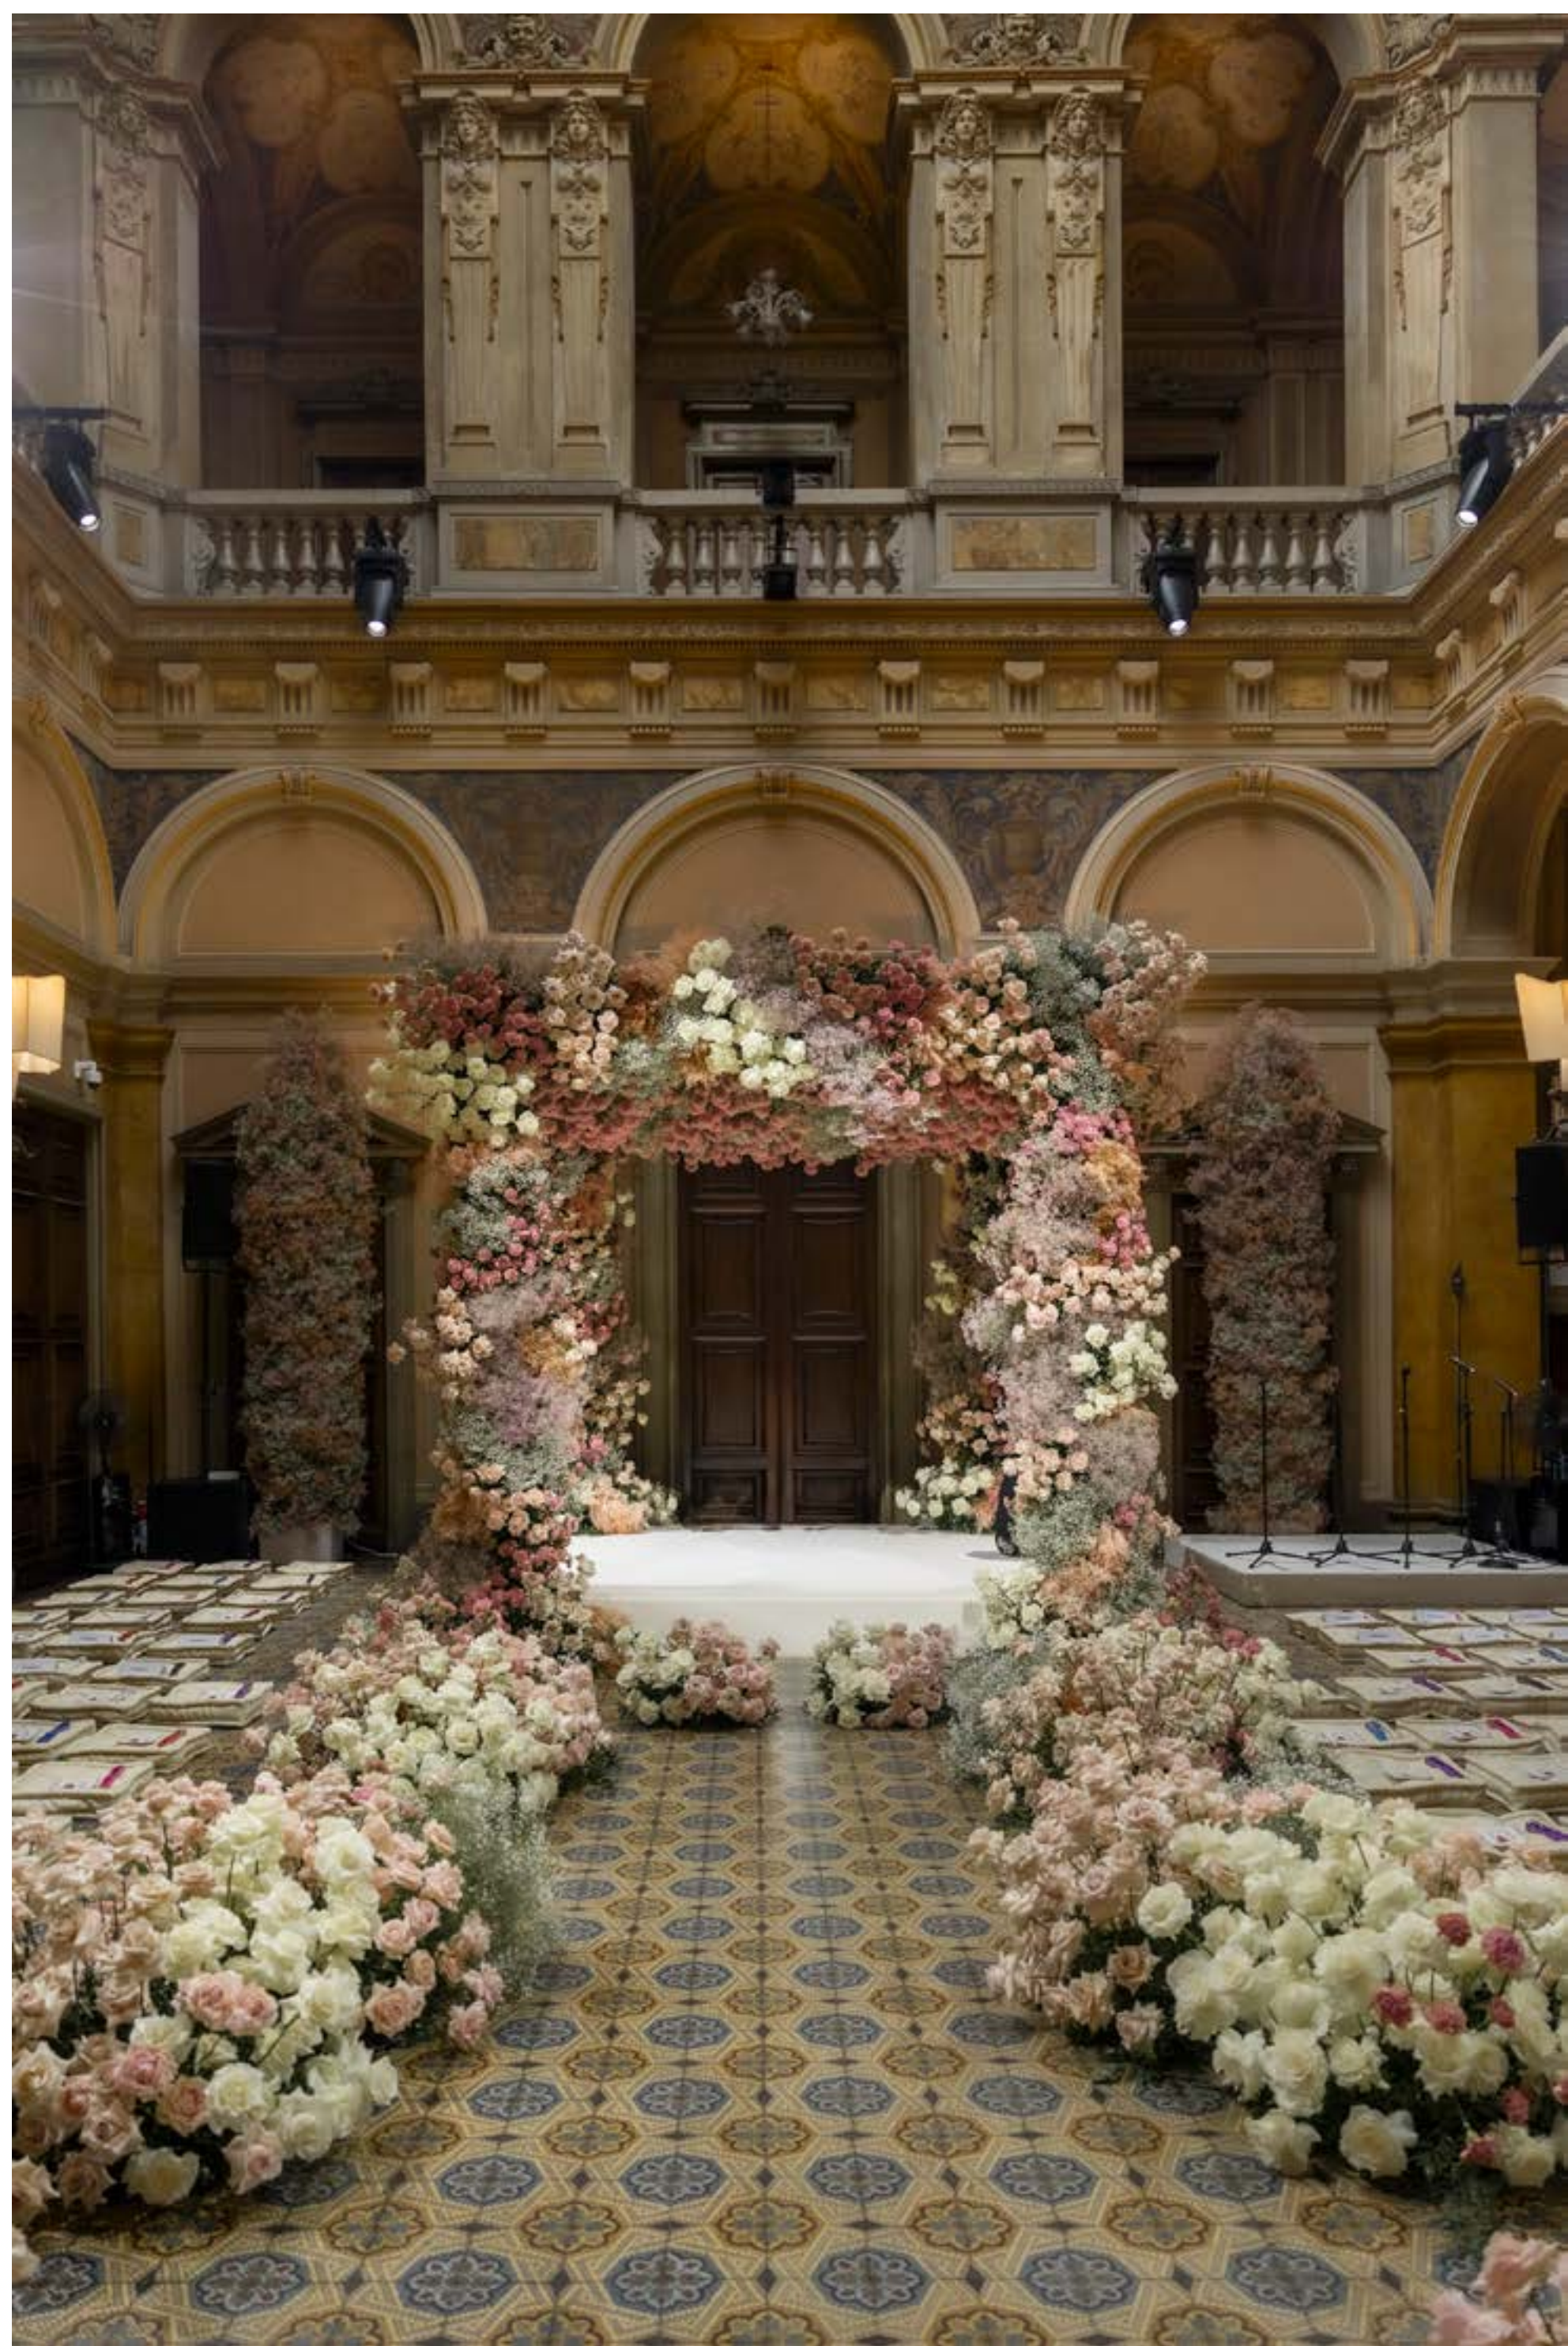

Righi Photography is formed by a team of professionals, experimenting and innovating since 1954 with great passion for visual arts and, amongst all, photography.

As in a Renaissance workshop, results come from teamwork: better together! We prefer the team consistency and reliability over the limits of the individual; a daily growth for us, a guarantee for the customer. Our working method, in order to deliver emotional wedding photos and tailored wedding videos, is based on some fixed points:

- Listen attentively and align closely with the vision
- Design a personalized project that balances style and budget
- Leverage the latest techniques and state-of-the-art equipment
- Bring your ideas to life with creative precision, ensuring the event leaves a lasting impression

ANALOG PHOTOGRAPHY

a timeless mood, an everlasting memory.

Slow down, take a breath, hold in your hand the maximum expression of photography in time: the film photography. It is you, your wedding developed in a darkroom with love and passion, images coming from a negative made by that beautiful, vintage camera facing you on a very special moment of that very special day. It is more than just a picture, it is that timeless aesthetic, it is a process, it is depth, it is truly unique like you two are.
